I recommend horseback riding for _____ (client name) as an activity that could provide benefits to their health, wellness, and enjoyment of life. I find horseback riding to be safe activity in which the stated client can participate, while supervised.

To my knowledge there is no reason this person cannot participate in therapeutic horseback riding. However, I understand that the therapeutic riding center will weigh the medical information against the existing precautions and contradictions of PATH Intl standards.

For Children with Trisomy 21 or Down's Syndrome

In order to participate in horseback riding, a Negative Annual Cervical X-ray for Atlantoaxial Instability within the last 12 months is required. Parents may waive this X-ray for 1 time visits to the farm by signing and agreeing to the hold harmless statements below and in additional farm paperwork. This does NOT take the place of required Medical Paperwork that must be signed by a Licensed Medical Professional in order to ride.

Participant's Name _____DOB_____

Parent's/Guardian's Name_____

The Parent/Guardian must Read, Understand and Initial all items prior to the Participant participating in Equine Activities.

___1. I am the Parent and/or Legal Guardian of the Participant named above and I am executing this form on behalf of the Participant in my capacity as parent and/or guardian and with the intent that this form be binding on myself and to my Child the Participant for all legal purposes.

___2. I Understand there are Inherent RISKS associated with Equine Activities and that injuries resulting from these RISKS can occur.

___3. I am choosing to **waive** the requirement of the Negative Annual Cervical X-ray for Atlantoaxial Instability within the last 12 months for the one time visit to Fleet Equestrian Center, LLC on the date(s) of _____

___4. I Freely Accept and Fully Assume All Responsibility for the Inherent RISKS and the possibility of personal injury, death, property damage or loss which might result from my child/ward being a Participant. In addition to consideration given for my child to Participate in Equine Activity, I and my heirs, executors, administrators and assigns agree to hold harmless and to waive all claims against **Margaret Fleet, Bryan Fleet, Fleet Equestrian Center, LLC, If Wishes Were Horses, Inc., its directors, board members, participants, employees, volunteers, and any other person associated with activates carried out on the property, for all time.** I further state I am aware that signing this form, waives certain legal rights I and/or my child Participant and/or our "Legal Representatives" might have against the **hosting entities** named above.

___5. I fully attest that my child, the Participant, has none of the below mentioned symptoms, to this date and that I understand what Atlanto Axial instability is and that I fully understand that Atlanto Axial Instability is a contradiction to horseback riding for medical, safety, and legal reasons.

Atlanto Axial instability is caused by an increased flexibility in the muscles and ligaments between the first and second vertebrae in the neck. This can lead to these ligaments and muscles becoming loose and the joint becomes unstable. In some cases bones in the neck can also be underdeveloped and can be the cause of instability. It is currently recommended by the Medical Guidelines for children and adolescents with Down syndrome that signs and symptoms of instability should be addressed immediately by a medical professional.

These include: □Abnormal head posture □Altered gait/ unstable on their feet
□A stiff neck that is not getting any better □Deterioration in bladder or bowel control
□Neck pain and pain behind the ear □Deteriorating manipulative skills □Restricted neck movement

___6. Any injuries as a result of horseback riding are my full responsibly as the legal Parent/Guardian. I have been made aware of presenting signs and symptoms of Atlanto Axial Instability. I know that this list is **not** all inclusive.

I wish for my child to participate despite any warnings and risks.

Helmet Waiver

In order to participate in horseback riding, all children are required to wear safety helmets. This is a waiver for a 1 time visit to the farm accomplished by signing and agreeing to the hold harmless statements below and in additional farm paperwork. This does NOT take the place of required Medical Paperwork that must be signed by a Licensed Medical Professional in order to ride.

___3. I am choosing to **waive** the requirement of wearing a safety helmet for the one time visit to Fleet Equestrian Center, LLC on the date(s) of _____

___4. I Freely Accept and Fully Assume All Responsibility for the Inherent RISKS and the possibility of personal injury, death, property damage or loss which might result from my child/ward being a Participant. In addition to consideration given for my child to Participate in Equine Activity, I and my heirs, executors, administrators and assigns agree to hold harmless and to waive all claims against **Margaret Fleet, Bryan Fleet, Fleet Equestrian Center, LLC, If Wishes Were Horses, Inc., its directors, board members, participants, employees, volunteers, and any other person associated with activates carried out on the property, for all time.** I further state I am aware that signing this form, waives certain legal rights I and/or my child Participant and/or our "Legal Representatives" might have against the **hosting entities** named above.

__5. I fully understand that this is a very serious safety issue that should not be taken lightly due to the inherent risk and nature of this activity. I find more benefit in my child riding than in the required safety precaution of wearing a riding helmet.

If it is found that my child cannot tolerate wearing a safety helmet and that she/he is at more risk of self-harm by being forced to wear a helmet or that she/he cannot ride/participate due to emotional distress/disturbance due to wearing a helmet, I hereby give permission for my child to ride without a helmet while they are mounted.
